

Learn to sing Barbershop Harmony with your school friends

Here's how it works:

1. Get organized before school lets out and meet after school one day a week.
2. During summer, meet once a week at a school, church or home, near school.
3. Learn some barbershop songs and TAGS that can be sung at parties and shows.
4. Continue to meet next school year - sing more songs in school concerts
5. All music and coaching and meetings are FREE.
6. Internet access to music through a private folder for your school.
